BULLETIN OF THE CANTON AMATEUR RADIO CLUB
Affiliated with the "American Radio Relay League"

FATHER and SON TEAM
W8OJW Sr. and K8BXU Jr.

Alex Meleg W8OJW has been interested in electronics since his high school days, Graduating from McKinley in 1936 attended Mt. Union and Ohio State, getting the call W8OJW in the early part of 1954, in the same year was elected Pres. of the Canton Amateur Radio Club, because of dad's interest, Alex Jr. became involved in ham radio and received K8BXU in 1956, Alex Jr. graduated from Glennwood High School, as an Honor Student, he will attend Case Institute of Technology this fall. He was a member of the Science Club, Booster Club and served as basketball manager. He was selected as school representative to Camp Miniwanca.

Together this father and son team has had many projects of interest, they like to build and experiment. Alex Sr. has invaded the SSB way of transmission, Alex Jr. has ventured into VHF bands, building his equipment with the help of Alex Sr. of course. Antennas has also been one of their pet projects. Alex Sr. was reelected President of the C.A.R.C. in 1960 and is serving as Vice-Pres. this year. He is field day chairman for 1961. As most of us know him, with his wife and family live at 3817 Bellwood Drive N.W. There two sons and a daughter in the organization.

We are now Canton Amateur Radio Club, Inc., as of May 3, '61. The articles of incorporation were read at the May 17th Meeting. At this time the Club voted to accept the former constitution and by laws. Several Amendments will be needed to bring the constitution and by laws in line with the Charter. This will be the order of business at the next few meetings. So bear with us, please. Business must be taken care of.

Meetings. the 1st & 3rd Wednesday of each month at the Red Cross Building 132-3rd. Street S.W., Canton, Ohio. June 21st meeting will be held at the Coon Hunters Club-wx permitting there will be refreshments. Time 7 P.M.
Club Picnic. August 20th at Perry Park-more in July Feedline

All Club members will receive a very nice 8 x 11 membership certificate & pocket size membership card. These will have to be seen to be appreciated & sure will look nice on the wall of the shack. Courtesy of Rob-Roy Graphic Arts. Thanks again for a swell job. We hope when you need advertising or QSL cards you'll think of Graphic Arts. Rob just received his call W 8 H R & has been pulling in plenty of DX on 15 & 20. Vacation time is at hand and many Hams from around the country are visiting this area. Dont forget to let us know when you have visitors. We hope to have KZ5 RS at the June 21st meeting or Field Day. Many have handled traffic for Bob & would like to meet him in person, I'm sure. Bob's X Y L is KZ 5 C S. Hope she comes along also.

W A 6 J S K/M8 was in town last week visiting ham friends before taking off for Pensacola, Fla. then returning to the West Coast.

W 8 D F G paid the Club a visit last meeting. Ed is living in the Boston Area and gets to Canton Occasionally.

W 8 K X P is ptting up a new sky hook-a T A 36 with a Ham-M rotor & heavy duty tower; W 8 M N D and K 8 A N A have new HQ-170's; W 8 Y A B just received his El Paso W.A.E.; W 8 O Y V his K Z5-25; K 8 M Z T has C.H.C. #228. K 8 E M L & Family should be in W6 land. While in Calif. Ed will visit W 6 T C with whom he has corresponded many times on the H B R-14 & 16. We hope Ed will have plenty of dope for the Feedline when he finally gets home.

Anyone wishing to furnish food for Field Day-a little or a lot- call Gl 3-0638 for K 8 M Z T - Shirley. Eats will be good so operators will have no excuse for not winning.

Field Day 1961

At 2100 G M T on June 24th, Look Out, if you think Q R M is bad under normal conditions. C A R A gang will be in there a whoopin' & hollerin' & talkin' wid der fingern. Many Club members will be taking part and for the first time finding out what it is like. All bands will be monitored. A station will operate at 28.8 for call ins - Local Stations Please Monitor this frequency. Watch the following freq. for local contacts with W 8 R T R; 3.6 Mc; 7.1 Mc; 14.1 Mc; 21.1 MC for novice. 6 meters will be operated & monitored at 50.5. Sunday Noon Naggers will check in on 50.4 Sunday at 1200 local time.

To get to the Coon Hunters Club, take Rt 8 south from Canton to Krantz Market (3/4 mi. past N. Industry) - turn right on Ridge Rd (old Battlesburg Rd) - go 1 mile - if you go more than 2 mile - stop & ask any old prospector u r, if he doesn't know, consider yourself lost. Go back & start over.

Hi Hank: 5-26-61
Hav Qsy'd. I am now in Pensacola, Fla. At the U S Navy Communications Training Center. I am copying at 8wpm by typewriter & soon should be ready for my General Exam. hi hi. Gud luck to the gang on F D. I hope they come out tips this yr. Sounds as if the gang is keeping busy. Tell them hello for me. Lots of DX. 73 K 8 D H J Al Latta SA5476328 N A V Commtracen Class 10-B N A S Pensacola, Florida.

May 10/61

Hi All:
First of all I want to thank you very much for sending me the Feedline. It certainly is a newsy sheet. I talked a few minutes with "Al" W 4 P O Y, but the band faded out before we had a go of it. My rig at this Qth is an Apache & it seems to work F B. The antenna is a Hi-Gain Verticle, about the only way a person can go is up. Quite a change in comparison with my gth near Louisville. I am on the air week ends 21.35, 14.24 & 29 mc. But with summer coming on working out east will be more difficult. I have also received a new call W A 6 P O C. I am in the process of getting my BS in electronics - providing I can cope with all the studying, a little less than 2 yrs to go with my past credits. I showed the Feedline to the members of the local club and it should stir-up some interest in a paper for them. I did meet quite a few of the Canton Club, but dont imagine they remember me. I came with Jack Fisher (W 8 M Z V) several times. Very best 73 Stan. Schillerstrom 5250 W. *23 St., Hawthorne, California
Thanks for the nice letters - we sure like to hear from you fellows --
